

Job Offer

6-Month 3D Game Artist Internship (mandatory internship, full-time) m/f/d

ABOUT FLYING SHEEP STUDIOS

Flying Sheep Studios is an independent games company of 17 people with great ambitions that has already shipped over 150 games. We have developed the tools to create the best-looking games specifically for mobile browsers and instant messengers and we strive to become a leader in these markets. We do work-for-hire, developing games for awesome brands, as well as creating our very own games and IPs.

Our office is located in the Cologne Game Haus, right in front of the Gamescom location, under one roof with 16 other games companies. We have built our company culture based on the following beliefs:

Diversity is the key to more creativity and better problem solving. Our team is currently composed of people of 5 nationalities and over one third female team members. Our company language is English.

If we **enjoy ourselves** while making our games, this will translate into more fun games for our players. So we make sure to keep a harmonic atmosphere, and have regular voluntary team events (LAN parties, board game nights, karaoke etc...)

Structured processes enable us to deliver games without unnecessary stress. We are never satisfied with the status quo, therefore we use every opportunity to learn and improve our skills and processes, to enable us to meet all deadlines without having to crunch. This is important for our last point because...

... we believe that a **healthy work-life balance** is essential for an enjoyable work environment. Not only have we been able to avoid crunch completely the 5 years of our existence. We also offer flexible working time, home-office, and overtime is compensated in free-time.

If these values fit your own expectations of a desirable workplace, then here is your chance to join our team!

Flying Sheep Studios GmbH
